### Notice of Meeting

Notice is hereby given that the Fiftieth Annual General Meeting of the Members of The Steamship Mutual Underwriting Association (Bermuda) Limited ("Association") will be held at The Biltmore Hotel, 1200 Anastasia Avenue, Coral Gables, Florida 33134 on Tuesday, 22 October 2024 at 12:00 hours for the following purposes:

- 1 To appoint a chair of the meeting.
- 2 To confirm notice and quorum.
- 3 To consider the Minutes of the last Meeting of the Members.
- 4 To receive the Directors' Report and Accounts for the year ended 20 February 2024.
- 5 To fix the number of Directors for the forthcoming year.
- 6 To re-elect Directors retiring in rotation.
  - Under the Bye-laws of the Company, one-third of the Directors are required to retire annually by rotation. The Directors retiring by rotation are Mr A Albertini, Mr S-M Edye, Mr M Frith, Mr E V Ide, Mr C Klerides, Mr S Kruse, Mr A Pohan, Mr M Rodriguez, Mr J Roome and Mr A L Tung. Being eligible all these Directors offer themselves for re-election.
- 7 The Director who has been appointed since the last AGM, retiring in accordance with the Bye-Laws of the Company is Mr M T O'Neil. Being eligible he offers himself for election.
- 8 To consider the appointment of an auditor for the forthcoming year and to authorise the Directors to determine the remuneration of the auditor.
- 9 To ratify and confirm all and any actions taken by the Directors and Officers of the Company, relative to the business of the Company, up to the date of the meeting.
- 10 To transact any other ordinary business of the Company.

By Order of the Board

### Report of the Directors

The Directors have pleasure in presenting their Report and Audited Accounts of The Steamship Mutual Underwriting Association (Bermuda) Limited ("Association") for the year ended 20 February 2024.

### **Principal activities**

The principal activity of the Association during the year was the reinsurance of Protection and Indemnity ("P&I") risks, and of Freight, Demurrage and Defence ("FD&D") risks written by Steamship Mutual Underwriting Association Limited ("SMUA") and Steamship Mutual Underwriting Association (Europe) Limited ("SMUAE").

The Association is a member of the International Group ("IG") of Protection and Indemnity associations.

#### **Directors**

The Directors of the Association are as shown on page 3.

In accordance with the Act of Incorporation, as amended on 18 April 1984, and the Bye-laws, the under mentioned Directors of the Association hold office until the Annual General Meeting to be held in Florida, USA on 24 October 2024:

Mr A Albertini, Mr S-M Edye, Mr M.G. Frith, Mr E Ide, Mr C Klerides, Mr S Kruse, Mr M T O'Neil, Mr A Pohan, Mr M Rodriguez, Mr J Roome and Mr A L Tung. Being eligible all these Directors offer themselves for re-election.

### Capital and reserves

Total capital and reserves increased by US\$42.9m (2023: US\$1.2m). This includes a surplus in the Hydra cell of US\$59.8m (2023: US\$12.0m), a capital contribution from The Steamship Mutual Trust ("the Trust") of US\$13.5m (2023:US\$nil), offset by a capital distribution of US\$24.2m to the Members (2023:US\$nil), an unrealised loss in the freehold property within Steamship Mutual Property Holdings Limited ("SMPH") of US\$6.2m (2023: US\$5.2m).

After considering the strong current and projected capital position of the Association and the Steamship group, the Directors declared a capital distribution to its Members who renewed at 20 February 2024, equivalent to 7.5% of mutual premium paid for the 2023/24 policy year (Class 1 – P&I). Accordingly US\$24.2 million has been credited to Members.

Total capital and reserves amount to US\$120.4 million (2023: US\$77.5m).

### **Underwriting**

Gross premium written was US\$278.4m compared to US\$229.0m last year.

#### SMUA

For the 2015/16 and subsequent policy years the Association entered into a reinsurance contract with SMUA under which, in return for a percentage of written premium ceded to the Association, SMUA is indemnified for 90% of its net underlying liabilities.

#### **SMUAE**

For the 2020/21 and subsequent policy years the Association entered into a reinsurance contract with SMUAE under which, in return for a percentage of written premium ceded to the Association, SMUAE is indemnified for 90% of its net underlying liabilities. The Association also indemnifies 90% of the net underlying liabilities transferred to SMUAE from SMUA, relating to the 2015/16 to 2019/20 policy years, by means of a Part VII transfer on 20 December 2020.

All Members of SMUA and SMUAE are automatically Members of the Association and beneficiaries of the Trust.

#### The Trust

The Association entered into a reinsurance contract with The Steamship Mutual Underwriting Association Trustees (Bermuda) Limited as Corporate Trustee of the Trust, a duly authorised insurer under the Insurance Act 1978 of Bermuda, to cover all its liabilities in respect of the 2015/16 and subsequent policy years. The Chair of the Association also attends the Trust's Board meeting.

### Claims

During the year the Association reviewed with SMUA and SMUAE the development of claims and the terms of its inward reinsurance contracts. The Association is satisfied that SMUA and SMUAE are taking appropriate steps to ensure that a prudent underwriting policy is maintained, and that the reinsurance arrangements remain suitable.

### **Investments**

Total cash and investments held by the Association, including land and buildings, increased by 12.2% to US\$215.5m.

### Report of the Directors

### Audit and Risk Committee ("ARC")

The ARC acts on behalf of the Board in considering the Association's financial statements, its external and internal audit activities and its risk management. In so doing the ARC liaises with the Managers and auditors in monitoring the quality of all reporting which contains material financial information, assessing the Association's internal control systems, and advising the Board on the effectiveness and objectivity of the internal and external auditors.

The ARC meets three times a year and is currently comprised of the following Directors: Mr M Rodriguez (Chair), Mr S-M Edye, Mr C Klerides, Mr J Roome, Mr A Pohan, Mr B A McAllister, and Mr R Zagari. Ms D M Ho is invited to attend the meeting in her capacity as Chair of the Association and representatives of the Managers are also invited to attend.

In discharging its responsibilities, the ARC receives financial and management reports from the Managers including reports from the internal and external auditors. The ARC establishes the scope of the reporting, both to itself and the Board, and continually assesses the quality and adequacy of this information. The ARC monitors the effectiveness of the Managers' activities with respect to their regulatory, audit and control responsibilities with a specific focus on any issues of enhanced strategic importance or which present a significant risk to the Association. Within the past year the ARC's work has included the following matters:

- Impact of, and response to, the political crises around the world:
- Ongoing review of ESG impacts;
- Consideration of regulatory and accounting developments;
- Internal audit reports, including cyber security; and
- Stress tests, including financial and operational resilience.

#### Directors' responsibilities statement

The Directors have prepared financial statements for each financial year in accordance with European Commission Insurance Accounts Directive (91/674/EEC) as adopted in the United Kingdom through Section 396 of the Companies Act 2006 and Schedule 3 of The Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008 and United Kingdom accounting principles applicable to insurers.

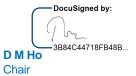

In preparing those financial statements the Directors are required to:

- select suitable accounting policies and then apply them consistently:
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Association will continue in business.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Association. They are also responsible for the system of internal control, for safeguarding the assets of the Association and hence for taking reasonable steps to prevent and detect fraud and other irregularities.

### **External auditor**

A resolution to reappoint BDO LLP as the Association's external auditor will be considered at the forthcoming AGM.

21 May 2024

## Consolidated Income and Expenditure Account

for the year ended 20 February 2024

Technical Account	Note	2024 US\$000	2023 US\$000

Cash and cash equivalents at 20 February 2023	1,633	1,776
Cash and cash equivalents at 20 February 2024	2,006	1,633

### Notes on the Accounts

### 1. Accounting policies

### (a) Accounting convention

The consolidated accounts have been prepared in accordance with the European Commission Insurance Accounts Directive (91 /674/EEC) as adopted in the United Kingdom through Section 396 of the Companies Act 2006 and Schedule 3 of The Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008 and applicable United Kingdom Financial Reporting Standards ("FRS") 102 and 103. The financial statements are prepared under the historical cost convention, as modified for fair valuation of financial assets at fair value through profit and loss.

The Association has taken exemption from presenting a parent income and expenditure statement and balance sheet under section 408 of Companies Act 2006. The Association has taken exemption from presenting a parent Statement of Cash Flows under section 1.12 (b) of FRS 102.

#### (b) Going concern assessment

At year end, the solvency ratio of the Association was comfortably above the threshold set by the Bermuda Monetary Authority.

Based on the above, the Directors believe that the Association is taking all necessary measures to maintain its viability and the development of its business in the current economic environment. Based on the projections of the Association, it is expected that the Association will maintain compliance with its regulatory capital requirements for the going concern assessment period of one year from date of signing.

### (c) Basis of consolidation

The accounts consolidate the accounts of The Steamship Mutual Underwriting Association (Bermuda) Limited ("SMUAB"), its subsidiary undertaking Steamship Mutual Property Holdings Limited ("SMPH"), and its share of Hydra Insurance Company Limited ("Hydra") at 20 February 2024.

### (d) Critical accounting judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for income and expenditure during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. The key accounting estimate is the calculation of claims outstanding which is described in further detail as reserving risk under note 18.

### (e) Calls and premiums written

Calls and premiums, less returns, comprise the total premiums receivable for the whole period of cover under the reinsurance contracts with SMUA and SMUAE.

### (f) Claims and related expenses

Claims and related expenses are charged to the income and expenditure account when they have been authorised for settlement. A provision is made on a claim by claim basis for the estimated cost of claims notified but not settled by the balance sheet date. A provision for claims incurred but not reported is established on a statistical basis having regard to past experience as to the frequency and average cost of claims reported after previous balance sheet dates. The reinsurers' share of technical provisions is calculated consistently with the amounts associated with the underlying insurance contract and the terms of the reinsurance contract.

### (g) Reinsurance premiums and recoveries

Reinsurance premiums are recognised on an accruals basis.

### Notes on the Accounts

### (continued)

### 1. Accounting policies (continued)

### (h) Land and buildings

Land and buildings in the UK are independently valued at least every three years on an existing use basis and converted to US dollars at the balance sheet date. Any dollar losses or reversal of dollar losses arising upon revaluation are recognised in the income and expenditure account; any dollar surplus is recognised in other comprehensive income and credited to a revaluation reserve.

### (i) Other financial investments

Quoted investments and cash at bank have been valued at their fair value. Investment income consists of interest, dividends and realised gains and losses on fair value through profit or loss assets. Unrealised gains and losses reflect the movement in the fair value of investments compared to their cost. Fair value is calculated using the bid price at the close of business on the last working day of the financial year.

The allocated investment return transferred from the non-technical account to the technical account is comprised of realised and unrealised exchange differences arising on the conversion of transactions on non-dollar denominated assets.

#### (i) Debtors

Receivables arising from reinsurance operations are reviewed for impairment throughout the financial year and as at the balance sheet date.

### (k) Foreign currencies

The functional currency is US dollars. All assets and liabilities, including land and buildings, are converted to US dollars at the exchange rate at the balance sheet date. Income and expenditure items are translated to US dollars at the exchange rate at the date of the transaction. All exchange differences are included in the income and expenditure account.

The exchange rates on the balance sheet date and used for the purpose of preparing the accounts were as follows:

		2024	2023
Euro	€	0.928	0.938
UK sterling	£	0.795	0.833

### 2. Reinsurance contracts

(a) From the commencement of the 2015/16 policy year the Association entered into a reinsurance contract with related party SMUA under which, in return for 90% of written premium, SMUA is indemnified for 90% of its underlying insurance liabilities net of external reinsurance arrangements. The same arrangement is in place with related party SMUAE from the commencement of the 2020/21 policy year.

For the financial year to 20 February 2024 premium received from SMUA amounted to US\$188.3m (2023: US\$157.9m). Claims paid to SMUA during the financial year amounted to US\$139.6m (2023: US\$130.2m). Gross outstanding claims in relation to the contract with SMUA as at 20 February 2024 amounted to US\$494.4m (2023: US\$454.1m).

For the financial year to 20 February 2024 premium received from SMUAE amounted to US\$90.0m (2023: US\$71.1m). Claims paid to SMUAE during the financial year amounted to US\$64.5m (2023: US\$40.8m). Gross outstanding claims in relation to the contract with SMUAE as at 20 February 2024 amounted to US\$164.4m (2023: US\$162.5m).

(b) Under a contract dated 27 January 2015, the Association reinsured with related party the Trust all of its underlying insurance liabilities net of external reinsurance arrangements for the 2015/16 and subsequent policy years. For the financial year to 20 February 2024 premium ceded to the Trust amounted to US\$220.4m (2023: US\$173.1m). Reinsurers share of claims paid recovered from the Trust during the financial year is disclosed in Note 3. The Trust's share of outstanding claims as at 20 February 2024 is disclosed in Note 4.

### Notes on the Accounts

The estimates for known outstanding claims are based on the estimates and judgement of the Managers of the final cost of individual cases based on current information. Provision is also made for claims incurred but not reported ("IBNR") by the balance sheet date using detailed statistical analysis having regard to past experience as to the frequency and average cost of claims reported after previous balance sheet dates.

### Notes on the Accounts

(continued)

5. Net operating expenses	2024 US\$000	2023 US\$000
Administration expenses	1,814	1,863
Directors' remuneration	463	511
Auditor's remuneration	121	102
	2,398	2,476

#### Transactions with related parties

Steamship Mutual Management (Bermuda) Limited ("SMM(B)") provides management and administrative services to the Association. Under the terms of its management contract SMM(B) receives as remuneration for its services, reimbursement of its local office and administration expenses. At 20 February 2024 the Association was owed US\$0.4m by SMM(B) (2023: US\$0.1m).

The Association provided SMM(B) with an unsecured, indefinite loan of £1.3m in 2000. The amount outstanding, revalued at the year end exchange rate, at 20 February 2024 was US\$1.6m (2023: US\$1.5m). There were no other related party transactions requiring disclosure under FRS 102 s33.

6. Investment income	2024 US\$000	2023 US\$000

	2,022	2,221
7. Unrealised gains/(losses)	2024 US\$000	2023 US\$000
Investments	9,328	(5,984)
Foreign exchange	. 1	(8)
	9,329	(5,992)

### 8. Taxation

Following the OECD's Global Minimum Tax rules, the Bermuda Government enacted the Corporate Income Tax Act (the "Act") on 27 December 2023. Although the Association had previously received an undertaking from the Bermuda Government exempting it from tax on income, profit, capital or capital gains until 31 March 2035, the Act specifies that a 15% corporate income tax shall apply notwithstanding any such prior assurances.

The Act, effective from 1 January 2025, will be applicable to Bermuda tax-resident entities and permanent establishments that are part of multinational enterprise ("MNE") groups with annual revenue of at least €750m. Accordingly, no provision for such taxes has been recorded by the Association.

### 9. Land and buildings

The freehold property consists of office premises in London, owned by SMPH. It is occupied under licence, free of rent, by the London representatives of the Managers. On 29 February 2024, SMPH exchanged contracts for the sale of the property at a price of £9.0m (US\$11.3m). At the financial year end, the value of the property in the consolidated balance sheet is £8.9m (US\$11.2m), reflecting the sale price net of fees. Other charges of US\$5.7m and other comprehensive loss of US\$0.4m reflects the impairment and the movement in the US dollar equivalent value of the property at the balance sheet date. The original costs incurred when the property was purchased in 1987 amounted to US\$17.0m.

### Notes on the Accounts

Money market instruments	17,180	3,791
Cash	1,164	1,434
	201,362	181,466

### Fair value determination

The fair value of financial instruments has been estimated using the following fair value hierarchy:

- Level 1 The unadjusted quoted price for an identical asset in an active market at the reporting date.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable (i.e. developed using market data) for the asset or liability, either directly or indirectly.
- Level 3 Market data is unavailable for the asset.

The Association's investment assets have been fair valued using the above hierarchy categories as follows:

### As at 20 February 2024

	Level 1 US\$000	Level 2 US\$000	Level 3 US\$000	Total US\$000

### 13. Wholly-owned subsidiary companies

SMPH is a wholly-owned subsidiary of the Association.

### 14. Hydra Insurance Company Limited ("Hydra")

Hydra is a reinsurance captive created by the members of the IG. Each member has its own cell which is legally separate from the liabilities of the other cells. Under the provisions of FRS 102 and 103 Steamship's cell has been classified as a quasi-subsidiary and has been consolidated.

### 15. Mental Health Support Solutions GmbH ("MHSS")

On 30 November 2022 the Association was allotted, at no cost, 2,500 shares with a nominal value of €1, representing 10% of the share capital of MHSS, a company which provides mental health consultancy services for the maritime industry. The shares carry voting rights and an entitlement to dividend distributions.

### 16. Capital contribution

The Association received a capital contribution of US\$13.5m from the Trust during the financial year. The Association made a capital contribution of US\$7.5m to SMUAE during the prior financial year.

### 17. Capital management

The Association aims to maintain capital resources at a level which provides a comfortable margin above the requirement of the Bermuda Monetary Authority ("BMA") as a Class 3A insurer. Capital resources for regulatory purposes consist of free reserves on a regulatory economic basis. The Association was in compliance with the applicable regulatory capital requirements throughout the financial year.

### Notes on the Accounts

### (continued)

#### 18. Risk management

The Association monitors and manages the risks relating to its operations through its risk management programme which analyses exposures by degree and magnitude of risks.

The Group Solvency Self-Assessment ("GSSA") documents Steamship's and the Association's risk and capital management policies employed to identify, assess, manage and report the risks it may face and to determine the funds necessary to ensure that its overall solvency needs are met at all times. The GSSA considers the business strategy, how the strategy aligns to risk appetite and the current risk profile.

The principal risks faced by the Association are insurance risk, credit risk, market risk and operational risk.

#### Insurance risk

Insurance risk is comprised of two elements; premium risk and reserving risk. Premium risk refers to the risk that insurance premium received from SMUA and SMUAE in the current policy year is insufficient to cover claims and other costs arising in that year. The Association's premium risk is calculated on net premiums written and is purely in relation to its exposure to Hydra claims as it bears no net liability on SMUA or SMUAE claims, as described under note 3 on the accounts.

Reserving risk is the risk that, over the next year, existing technical provisions are insufficient to cover claims arising in previous policy years. The Association is exposed to the uncertainty surrounding the timing, frequency and severity of claims under its net claims exposure through Hydra. Premium and reserving risk are calculated by reference to risk factors prescribed by the BMA and then combined taking account of dependencies and diversification effects.

The key methods used by the Managers for the ceded claims to the Association and the Hydra claims to estimate claims liabilities are Bornhuetter-Ferguson for the most recent policy year reported and the development factor method for all other policy years. Reserves for both reported and unreported claims are calculated using detailed statistical analysis of the past experience as to frequency and average cost of claims having regard to variations in the nature of current business accepted and its underlying terms and conditions.

Inflation is one of many factors that are considered by claims handlers when setting an appropriate claims reserve prior to settling a claim. The Association uses standard actuarial techniques which, amongst other things, incorporate inflation when calculating appropriate technical provisions. Together, these should accommodate potential increased costs arising from current levels of inflation.

The Board aims to reduce reserving risk by setting claims reserves at a prudent level that provides between 70% and 80% confidence that they will be sufficient to cover potential settlement costs. Actual experience will differ from the expected outcome but this prudent basis is expected to result in there being releases of prior year claim reserves. This prudence is expected to cover increased costs that might arise should inflation remain above the long-term average.

The sensitivity of the overall surplus to two factors, other assumptions being unchanged, is shown below.

		2024 US\$000	2023 US\$000
5% increase in cl	aims incurred on current policy year		
Overall surplus	gross of reinsurance	(14,455)	(11,386)
	net of reinsurance	(395)	(395)
Single claim of U	S\$2billion in current policy year in SMUA or SMUAE		
Overall surplus	gross of reinsurance	(32,061)	(31,419)
	net of reinsurance	(20,186)	(19,408)

#### Credit risk

Credit risk is the risk that a counterparty owing money to the Association may default and the debt has to be written off. The extensive reinsurance protection arranged by the Association effectively transforms a large proportion of insurance risk into credit risk as the risk exposure becomes reinsurer default. The credit risk arising from the reinsurance contract with The Trust is mitigated through the operation of a collateral agreement. External reinsurers are generally only used if at the time of contracting with them their financial strength rating is at least A- from S&P Global, or an equivalent rating from another rating agency, except in the case of some members of the IG. The key areas of exposure to credit risk for Steamship are in relation to its reinsurance recoverables and bonds in the investment portfolio.

Credit risk also arises on operational balances and deposits held with banks. This is controlled by using a variety of banks and limiting exposure to each individual bank based on its credit rating and/or capital strength.

The following tables show the aggregated credit risk exposure for those assets with external credit ratings. Other debtors and land and buildings generally do not have a credit rating and are therefore included within Other assets.

### 18. Risk management (continued)

Credit risk (continued)

The Association's exposure to liquidity risk is minimal given that the majority of its investments are cash, money market instruments and US government bonds, and the terms of its reinsurance agreements provide for prompt payment.

#### Market risk

Market risk is the risk of financial loss as a consequence of movements in prices of equities and bonds, interest rates and currency exchange rates.

The Association's exposure to changes in interest rates and market prices is concentrated in the investment portfolio. The risk appetite, asset allocation and tolerance ranges are set by the Board. Compliance with Board policies are monitored and reported by the Managers assisted by the investment managers.

The Association is exposed to currency risk in its freehold property in the UK (see note 9) otherwise its exposure is minimal since any currency exposure in claims from SMUA and SMUAE is passed on to the Trust.

The following tables show the Association's foreign currency denominated assets and liabilities:

#### As at 20 February 2024

	US dollar US\$000	UK sterling US\$000	Euro US\$000	Other US\$000	Total US\$000
Assets	716,373	40,223	30,196	16,932	803,724

	58,096	19,191	169	_	77,456

IBNR and reinsurers' share of IBNR are classified as US dollar.

The Association's interest rate risk is in relation to the fluctuation in the fair value of future cash flows of bonds due to changes in interest rates. The table below shows the change in fair value of bonds assuming a 100 basis points increase in interest rates:

	Effect on investment valuation US\$000

As at 20 February 2023	(3,681)

### Notes on the Accounts

### (continued)

### 18. Risk management (continued)

### Liquidity risk

Liquidity risk is the risk that the Association cannot meet its financial obligations as they fall due. The Association maintains a high quality portfolio of cash, government and corporate bonds with medium to long-tern maturity. The terms of its reinsurance agreements provide for prompt payment. In the absence of a material market event, investment grade assets can be converted into cash in less than one month.

The following table shows the expected maturity/liquidity of the Association's assets.

### Notes on the Accounts

(continued)

### 18. Risk management (continued)

Operational risk

Operational risk includes fraud, interruptions in service due to external or internal disruption and procedural or systems errors. The Association has identified its operational risks in a risk register and has in place appropriate controls to manage and mitigate such risks, consistent with good practice, regulatory guidance and legislation relating to human resources, financial crime, business continuity and information security. Appropriate controls are also in place to monitor the outsourcing of operations to the Managers and, through them, other service providers.

### Independent Auditor's Report

### To the members of The Steamship Mutual Underwriting Association (Bermuda) Limited

### Opinion on the non-statutory financial statements

In our opinion the non-statutory financial statements:

- give a true and fair view of the state of the group's and of the parent company's affairs as at 20 February 2024 and of the group's surplus for the year then ended; and
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice.

We have audited the non-statutory financial statements of The Steamship Mutual Underwriting Association (Bermuda) Limited (the 'parent company') and its subsidiaries (the 'group') for the year ended 20 February 2024, which comprise Consolidated Income and Expenditure Account, Consolidated Statement of Changes in Equity, Consolidated Balance Sheet and Consolidated Cash Flow Statement and notes 1 to 18 to the non-statutory financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard in the United Kingdom and Republic of Ireland and Financial Report Standard 103 Insurance Contracts (United Kingdom Generally Accepted Accounting Practice).

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the non-statutory financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Independence

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the non-statutory financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

### Conclusions relating to going concern

In auditing the non-statutory financial statements, we have concluded that the Directors' use of the going concern basis of accounting in the preparation of the non-statutory financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the group or parent company's ability to continue as a going concern for a period of at least twelve months from when the non-statutory financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Directors with respect to going concern are described in the relevant sections of this report.

### Other information

The Directors are responsible for the other information. The other information comprises the information included in the annual report other than the non-statutory financial statements and our auditor's report thereon. Our opinion on the non-statutory financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the non-statutory financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the non-statutory financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### Independent Auditor's Report

### (continued)

### **Responsibilities of Directors**

As explained more fully in the Statement of Directors' Responsibilities, the Directors are responsible for the preparation of the non-statutory financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of non-statutory financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the non-statutory financial statements, the Directors are responsible for assessing the Group and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the group or the Parent Company or to cease operations, or have no realistic alternative but to do so.

### Auditor's responsibilities for the audit of the non-statutory financial statements

Our objectives are to obtain reasonable assurance about whether the non-statutory financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these non-statutory financial statements.

### Extent to which the audit was capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Non-compliance with laws and regulations

### Based on:

- Our understanding of the legal and regulatory framework applicable to the group's operations;
- Discussion with the Directors and other management regarding the group's the policies and procedures regarding compliance with laws and regulations; and
- Discussion with management including head of compliance and those charged with governance.

We considered the nature of the company's industry and its control environment and reviewed the company's documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management about their own identification and assessment of the risks of irregularities.

We discussed as an audit engagement team including relevant specialists, the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the non-statutory financial statements.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business.

### Independent Auditor's Report

### (continued)

In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing financial statement disclosures by testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the non-statutory financial statements;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- enquiring of management and in-house legal counsel concerning actual and potential litigation and claims, and instances of non-compliance with laws and regulations; and
- reviewing minutes of meetings of those charged with governance.

Our audit procedures were designed to respond to risks of material misstatement in the non-statutory financial statements, recognising that the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery, misrepresentations or through collusion. There are inherent limitations in the audit procedures performed and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the non-statutory financial statements, the less likely we are to become aware of it.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

#### Use of our report

This report is made solely for the exclusive use of the Directors and solely for the purpose of providing the Directors with an audit opinion on the non-statutory financial statements of the company that will be used as the basis of the non-statutory financial statements for the company. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.
